Recommendations

Anand Rajput
Senior Product Manager at MoEngage
May 5, 2019, Chirag worked with Anand in the same group

Chirag always comes with a right tech solution to any issue you present to him. He is a leader with sense of ownership and vision for the product. Chirag has transformed the front-end for MoEngage and guided the team to build on the same.

Pooja Shah

Lead Automation | Developer | Tester | TDD Enthusiast | Open Source | Youtuber | Blogger | Always Striving

April 13, 2019, Pooja worked with Chirag in different groups

Chirag is one of the best thing happened to MoEngage, especially to our team front-end. He is not only tech sound but also has empathy and those crucial leadership skills to recognise right people and build magic together and if it takes to go extra miles, he does it with 100% passion poured into it untiringly.

He is among those rare folks who on leaving the company, puts even more efforts to leave things better way, be it automate the mundane tasks or leaving the better architecture to build on top of. Working with him, for me was fun as he always was supportive to brainstorm alternate solutions when things don't go as expected.

All great signs of owning, valuing workplace's growth which makes him the person with unmatched attitude and hence never replaceable.

Personally, he is joyful, friendly with genuine positive vibes to always be around and of-course partying.

Highly recommended! Would love to work with him again.

Till then he has to keep his promise to keep dancing with us at parties :)

Yashwanth Kumar

Hiring SRE & Technical Architects

March 30, 2019, Yashwanth managed Chirag directly

Dedication, result oriented, hard working, on time delivery, leadership - these are words that come to my mind, when I see Chirag. He has taken the ownership of the FE team with in few months of joining and completely transformed the company on how we do the things today. Introduced a lot of tools and practices, which are needed for better tech. All these things were done out of his own enthusiasm to build the right tech and doing the things in the manner they were supposed to be done. Would like to work with him again in the future.

uday bhaskhar

GOEFco|CoFounder|CEO | JavaScript enthusiast | MERN stack developer | Open Source Contributor

March 16, 2019, uday reported directly to Chirag

Chirag has been a crucial role in the team's success. Writing code is really easy but keeping the future need in mind and writing a required set of code is what he does. He has been an inspiration for me on how to keep up the code quality high without compromising the business needs. He is one of the best leader I have met. He has been with the team always and it's a pleasure to work with him.

Wherever you go, you will rock chirag. All the best for your future endeavors.

Aditya Chhikara

Frontend Developer at Flipkart

March 15, 2019, Aditya reported directly to Chirag

I worked around one year with Chirag. He is very hard working and responsible person. If you talk about ownership there is no comparison. Having very nice skills of leading a team and management, he is very versatile. One unique thing about him is his attitude towards problem solving. Would like to work with him again.

Karthikeyan Chellappa

Product@PayPal

October 22, 2017, Karthikeyan managed Chirag directly

Chirag works with a maturity way beyond his years of experience, brings a lot of passion to the workplace and believes in excelling at whatever he does, it was a pleasure working with him and I hope our paths cross in future

Dhanraj Kurdikar

Senior Software Developer at JCPenney

October 16, 2017, Chirag worked with Dhanraj in the same group

One of the best colleague I've worked so far. Understands business problem, comes up with efficient strategies and delivers the solution right before schedule. If I had to rate him for his skills in Angular & React, that would have been full 5 on 5.

Mayank Aggarwal

Cloud

Computing/BlockChain/FogComputing/NDN/Python/LibVirt IIT-Delhi(SFRF)

October 9, 2017, Mayank was Chirag's teacher

Chirag was one of the students whom one cant forget filled with enthusiasm, mettle to learn and take challenges a real fighter. First one to think about incubation , entrepreneurship...I am sure he would be asset to whichever company he joins
